

a. Directly charged as project costs, in whole or in part, the acquisition (by purchase, construction or fabrication, or development) of equipment;

b. Donated the equipment to the project or program by counting the value of the remaining life of the property recorded in your accounting records or the fair market value toward any cost sharing or matching requirements under the award, rather than charging depreciation (see PROP Article I, Section D); or

c. Directly charged as project costs improvements to the equipment that meet the criteria given in paragraph E.1 of PROP Article I.

*Section B. Requirements for a State's use and disposition of equipment.* You:

1. Must use the equipment for the authorized purposes of the project or program during the period of performance, or until the property is no longer needed for those purposes.

2. May not encumber the property without the prior written approval of the award administration office.

3. Must use and dispose of the equipment in accordance with your State laws and procedures.

*Section C. Use of equipment by an institution of higher education, nonprofit organization, local government, or Indian tribe.* You:

1. Must use the equipment for the authorized purposes of the project or program under this award until the equipment is no longer needed for those purposes, whether or not the project or program continues to be supported by this award.

2. May not encumber the equipment without the prior written approval of the award administration office.

3. During the time that the equipment is used for the project or program under this award:

a. You must make the equipment available for use on other projects or programs but only if that use will not interfere with the equipment's use as needed for the project or program supported by this award.

i. First preference must be given to other projects or programs supported or previously supported by DoD Components

ii. Second preference to projects or programs supported or previously supported by other Federal agencies.

iii. Third preference is for other projects or programs not supported by the Federal Government. You should charge user fees for use of the equipment in those cases, if it is at all practicable.

b. You may use the equipment, if you need to acquire replacement equipment, as a trade-in or sell it (using sales procedures designed to ensure the highest possible return) and use the proceeds from the sale to offset the cost of the replacement equipment.

4. When the equipment is no longer needed for the project or program under this award, you may defer final disposition of the equipment and continue to use it on other federally sponsored projects or programs. You must give first priority to other projects or programs supported by DoD Components.

5. Notwithstanding the encouragement in FMS Article VII to earn program income, you may not use equipment in which there currently is a Federal interest—whether you acquired it under this award or are otherwise accountable for it under this award—to provide services for a fee that is less than private companies charge for equivalent services.

*Section D. Disposition of equipment by an institution of higher education, nonprofit organization, local government, or Indian tribe.* You must request disposition instructions from the award administration office when either original or replacement equipment acquired under this award with a current fair market value that exceeds \$5,000 is no longer needed for the original project or program or for other federally sponsored activities as described in paragraph C.4 of this article. For each item of equipment with a current fair market value of \$5,000 or less, you may retain, sell, or otherwise dispose of the item with no further obligation to the Federal Government.

1. We may issue disposition instructions that:

a. Allow you to retain or sell any item of equipment after compensating us for the Federal interest in the property, which is to be computed as specified in the definition of "Federal interest;" or

b. Require you to transfer title to the equipment to a Federal agency or a third party, in which case you are entitled to compensation from us for the non-Federal interest in the equipment, plus any reasonable shipping or interim storage costs incurred.

2. If we fail to provide disposition instructions for any item of equipment within 120 calendar days of receiving your request, you may retain or sell the equipment, but you must compensate us for the amount of the Federal interest in the equipment.

3. If you sell the equipment:

a. You must use sales procedures designed to ensure the highest possible return; and

b. You may deduct and retain for selling and handling expenses either \$500 or ten percent of the proceeds, whichever is less.

*Section E. Use and disposition of supplies acquired under this award.*

## Department of Defense

## Pt. 1130, App. F

1. *Use.* As long as we retain a Federal interest in supplies acquired under this award either by purchase or by donation as cost sharing or matching, you may not use the supplies to provide services to other organizations for a fee that is less than private companies charge for equivalent services, notwithstanding the encouragement in FMS Article VII to earn program income.

2. *Disposition.* If you have a residual inventory of unused supplies with aggregate value exceeding \$5,000 at the end of the period of performance under this award, and the supplies are not needed for any other Federal award, you must retain the supplies or sell them but must in either case compensate us for the amount of the Federal interest in the supplies. You may deduct and retain for selling and handling expenses either \$500 or ten percent of the proceeds, whichever is less.

### APPENDIX E TO PART 1130—TERMS AND CONDITIONS FOR PROP ARTICLE V, “USE AND DISPOSITION OF FEDERALLY OWNED PROPERTY”

Unless a DoD Component reserves the article, as specified in §1130.505, a DoD Component’s general terms and conditions must use the following wording for PROP Article V.

#### PROP ARTICLE V. USE AND DISPOSITION OF FEDERALLY OWNED PROPERTY. (DECEMBER 2014)

*Section A. Use.* During the time that federally owned property for which you are accountable under this award is used for the project or program supported by the award, you:

1. Also may make the property available for use on other federally supported projects or programs, but only if that use will not interfere with the property’s use for the project or program supported by this award. You must give first priority to other projects or programs supported by DoD Components.

2. May use the property for purposes other than federally supported projects or programs only with the prior approval of the awarding office or, if you request approval after the award is made, the award administration office.

*Section B. Disposition.* You must request disposition instructions from the award administration office for any federally owned property under this award, including any property for which a subrecipient is accountable under a subaward you make under this award, either:

1. At any time during the period of performance if the property is no longer needed for the project or program supported by this award; or

2. At the end of the period of performance.

### APPENDIX F TO PART 1130—TERMS AND CONDITIONS FOR PROP ARTICLE VI, “INTANGIBLE PROPERTY”

Except for Section B, whose language must be tailored or reserved based on the type of award as specified in §1130.610, and Section D if reserved as provided in §1130.615, a DoD Component’s general terms and conditions must use the following wording for PROP Article VI.

#### PROP ARTICLE VI. INTANGIBLE PROPERTY. (DECEMBER 2014)

##### *Section A. Assertion of copyright.*

1. You may assert copyright in any work that is eligible for copyright protection if you acquire ownership of it under this award, either by developing it or otherwise.

2. With respect to any work, you developed or otherwise acquired under this award, DoD reserves a royalty-free, nonexclusive and irrevocable license to:

- Reproduce, publish, or otherwise use the work for Federal Government purposes; and
- Authorize others to reproduce, publish, or otherwise use the work for Federal Government purposes.

##### *Section B. Inventions developed under the award.*

1. *Applicability of Governmentwide clause for research awards.* You must comply with the Governmentwide patent rights award clause published at 37 CFR 401.14, with the modifications described in paragraph B.2 of this section. DoD adopts that Governmentwide clause for the following entities, thereby broadening the applicability beyond types of entities included in the definition of “contractor” in 37 CFR part 401:

a. Any governmental or nonprofit entity (the types of entities subject to these general terms and conditions) receiving a DoD award for the performance of experimental, research, or developmental work;

b. Any governmental, nonprofit, or for-profit entity receiving a subaward to perform experimental, research, or developmental work under an award described in paragraph B.1.a of this section.

2. *Modifications to the wording of the Governmentwide clause.* DoD adopts the Governmentwide clause at 37 CFR 401.14, as described in paragraph B.1 of this section, with the following modifications:

a. *Terminology.* Throughout the Governmentwide clause:

i. Insert the terms “recipient” and “subrecipient (or contractor to the recipient or to a subrecipient)” to replace the terms “contractor” and “subcontractor,” respectively.

ii. Insert the terms “award” and “subaward (or contract under either the award or a subaward)” to replace the terms “contract” and “subcontract,” respectively.
