#### §910.514 Scope of audit.

The audit must cover the entire operations of the auditee, or, at the option of the auditee, such audit must include a series of audits that cover departments, agencies, and other organizational units that expended or otherwise administered DOE awards during such audit period, provided that each such audit must encompass the schedule of expenditures of DOE awards for each such department, agency, and other organizational unit, which must be considered to be a for-profit entity. The financial statements (if available) and schedule of expenditures of DOE awards must be for the same audit period.

(c) *Internal control.* (1) The compliance supplement provides guidance on internal controls over Federal programs based upon the guidance in Standards for Internal Control in the Federal Government issued by the Comptroller General of the United States and the Internal Control—Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

(2) In addition to the requirements of GAGAS the auditor must perform procedures to obtain an understanding of internal control over DOE programs sufficient to plan the audit to support a low assessed level of control risk of noncompliance for major programs.

(3) Except as provided in paragraph (c)(4) of this section, the auditor must:

(i) Plan the testing of internal control over compliance to support a low assessed level of control risk for the assertions relevant to the compliance requirements; and
