§910.503 Relation to other audit requirements.

(a) An audit conducted in accordance with this Part must be in lieu of any financial audit of DOE awards which a for-profit entity is required to undergo under any other Federal statute or regulation. To the extent that such audit provides DOE with the information it requires to carry out its responsibilities under Federal statute or regulation, DOE must rely upon and use that information.

(b) Notwithstanding paragraph (a) of this section, DOE, Inspectors General, or GAO may conduct or arrange for additional audits which are necessary to

carry out its responsibilities under Federal statute or regulation. The provisions of this Part do not authorize any for-profit entity to constrain, in any manner, DOE from carrying out or arranging for such additional audits, except that DOE must plan such audits to not be duplicative of other audits of DOE. Any additional audits must be planned and performed in such a way as to build upon work performed, including the audit documentation, sampling, and testing already performed, by other auditors.

(c) The provisions of this Part do not limit the authority of DOE to conduct, or arrange for the conduct of, audits and evaluations of DOE awards, nor limit the authority of any Federal agency Inspector General or other Federal official.

(d) DOE to pay for additional audits. If DOE conducts or arranges for additional audits it must, consistent with other applicable Federal statutes and regulations, arrange for funding the full cost of such additional audits.

§910.507 Compliance audits.

(a) *Program-specific audit guide available.* In some cases, a program-specific audit guide will be available to provide specific guidance to the auditor with respect to internal controls, compliance requirements, suggested audit procedures, and audit reporting requirements. A listing of current program-specific audit guides can be found

on the OMB website in the compliance supplement, in part 8, appendix VI, Program-Specific Audit Guides, which includes a website where a copy of the guide can be obtained. When a current program-specific audit guide is available, the auditor must follow generally accepted government auditing standards (GAGAS) and the guide when performing a compliance audit.

(b) *Program-specific audit guide not available.* (1) When a program-specific audit guide is not available, the auditee and auditor must conduct the compliance audit in accordance with GAAS and GAGAS.

(2) If audited financial statements are available, for-profit recipients should submit audited financial statements to DOE as a part of the compliance audit. (If the recipient is a subsidiary for which separate financial statements are not available, the recipient may submit the financial statements of the consolidated group.)

(3) The auditor must:

(i) Not applicable;

(ii) Obtain an understanding of internal controls and perform tests of internal controls over the DOE program consistent with the requirements of §910.514 Scope of audit;

(iii) Perform procedures to determine whether the auditee has complied with Federal statutes, regulations, and the terms and conditions of DOE awards that could have a direct and material effect on the DOE program consistent with the requirements of §910.514 Scope of audit;

(iv) Follow up on prior audit findings, perform procedures to assess the reasonableness of the summary schedule of prior audit findings prepared by the auditee in accordance with the requirements of §910.511 Audit findings follow-up, and report, as a current year audit finding, when the auditor concludes that the summary schedule of prior audit findings materially misrepresents the status of any prior audit finding; and

(v) Report any audit findings consistent with the requirements of §910.516 Audit findings.

(4) The auditor's report(s) may be in the form of either combined or separate reports and may be organized differently from the manner presented in

this section. The auditor's report(s) must state that the audit was conducted in accordance with this part and include the following:

(ii) A report on internal control related to the DOE program, which must describe the scope of testing of internal control and the results of the tests;

(iii) A report on compliance which includes an opinion (or disclaimer of opinion) as to whether the auditee complied with laws, regulations, and the terms and conditions of DOE awards which could have a direct and material effect on the DOE program; and

(iv) A schedule of findings and questioned costs for the DOE program that includes a summary of the auditor's results relative to the DOE program in a format consistent with §910.515 Audit reporting, paragraph (d)(1) and findings and questioned costs consistent with the requirements of §910.515 Audit reporting, paragraph (d)(3).

(c) *Report submission for program-specific audits.* (1) The audit must be completed and the reporting required by paragraph (c)(2) or (3) of this section submitted within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine months after the end of the audit period, unless a different period is specified in a program-specific audit guide. Unless restricted by Federal law or regulation, the auditee must make report copies available for public inspection. Auditees and auditors must ensure that their respective parts of the reporting package do not include protected personally identifiable information.

(2) When a program-specific audit guide is available, the compliance audits must be submitted (along with audited financial statements if audited financial statements are available), to the appropriate DOE Contracting Officer as well as to the DOE Office of the Chief Financial Officer.

(3) When a program-specific audit guide is not available, the reporting
