§ 25.220

Federal award to be made to the consortium as the recipient, the consortium must have a unique entity identifier. If a consortium is eligible to receive funding under a Federal awarding agency program but the agency's policy is to make the Federal award to a lead entity for the consortium, the unique entity identifier of the lead applicant will be used.

(2) A notice of funding opportunity is any paper or electronic issuance that an agency uses to announce a funding opportunity, whether it is called a "program announcement," "notice of funding availability," "broad agency announcement," "research announcement," "solicitation," or some other term.

(3) To remain registered in the SAM database after the initial registration, the applicant is required to review and update its information in the SAM database on an annual basis from the date of initial registration or subsequent updates to ensure it is current, accurate and complete.

§ 25.205 Effect of noncompliance with a requirement to obtain a unique entity identifier or register in the SAM.

(a) A Federal awarding agency may not make a Federal award or financial modification to an existing Federal award to an applicant or recipient until the entity has complied with the requirements described in § 25.200 to provide a valid unique entity identifier and maintain an active SAM registration with current information (other than any requirement that is not applicable because the entity is exempted under § 25.110).

(b) At the time a Federal awarding agency is ready to make a Federal award, if the intended recipient has not complied with an applicable requirement to provide a unique entity identifier or maintain an active SAM registration with current information, the Federal awarding agency:

(1) May determine that the applicant is not qualified to receive a Federal award; and

(2) May use that determination as a basis for making a Federal award to another applicant.

§ 25.220 Use of award term.

(a) To accomplish the purposes described in § 25.100, a Federal awarding agency must include in each Federal award (as defined in § 25.405) the award term in appendix A to this part.

(b) A Federal awarding agency may use different letters and numbers than those in appendix A to this part to designate the paragraphs of the Federal award term, if necessary, to conform the system of paragraph designations with the one used in other terms and conditions in the Federal awarding agency's Federal awards.
